CHASNEY BEAUTY

Design concept:

As its name evokes, *Passione* is bound to arouse intense feelings... Should it be through visual sense, with the refinement and exquisiteness of its design and details, or through the sense of touch, with the high quality and softness of its luxurious materials?

The distinctiveness – and rareness – of *Passione* derive from the application in contrasting colours, of delicate floral embroideries on precious eye-lashed Leavers lace.

Product Features / Key selling points:

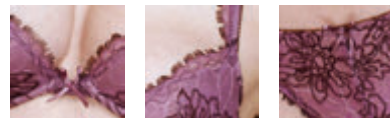

Embroidery on lace isn't rare but embroidery on Leavers lace is quite unusual since it simply added the cost of the lace.

It's quite a little collection starts with our signature $\frac{3}{4}$ padded push up bra and follow by a matching brief and thong. Simple but an elegance and sexy collection.

Fabric and Details:

Rigid Leavers lace in 100% polyamide with 100% rayon embroidery yarn.
